

The Construction Leader

Online Webseries

ABOUT THIS CLASS

Becoming a great leader will result in better performance for the entire team. In this five-module program, participants will learn the leadership skills they need to become top performers. Note: This program complements the Construction Foreman series. The topics are different.

Who Should Attend

This is a construction industry leadership program for those who are responsible for supervising others, including crew leaders, foremen, supervisors, project managers and company leaders. Company owners are encouraged to attend.

THE SPEAKER

Michael Somers The Construction Classroom

Mike is a graduate of the University of Wisconsin-Stevens Point with a degree in Business Management. He has more than 30 years construction experience as owner and manager of construction businesses in Wisconsin. Mike has served on the ABC Wisconsin Board of Directors and was the driving force behind the creation of the ABC Heavy Equipment Operator Apprenticeship program, having taught the program for several years. Currently, Mike teaches several construction leadership and management courses for ABC Wisconsin. In addition, he continues to travel throughout the United States and Canada teaching construction professionals and sharing a lifetime of "real experiences" in and personal enthusiasm for construction.
