CONSTRUCTION TRAINING CENTER

FALL 2024 CARPENTRY

Training for Life!

GET TO KNOW MORE ABOUT OUR TRAINING FACILITY...

The ABC New Orleans/Bayou Chapter Craft Training Program is accredited by the National Center for Construction Education and Research. The curriculum that we use was developed by subject matter experts from the industry to train skilled workers. The ABC New Orleans/Bayou Chapter Training Center's primary goal is to provide the construction industry with the most qualified craftsmen today and for years to come.

Education and training will always be a win-win situation for both the employer and the employee. With nationally accredited curricula developed for the construction industry, the ABC New Orleans/Bayou Chapter is training hundreds of men and women in industry related specialties to meet and exceed the most exacting standards in the country.

CARPENTRY COURSE - COMMERCIAL & INDUSTRIAL

All carpentry students will begin in the Level 1 Carpentry Fundamentals course. During the first year, students will cover the basics of the carpentry trade, and be introduced to all aspect of the craft. Students will be given the opportunity to decide if they want to take their last year as Commercial Carpentry, or Industrial Carpentry towards the end of their first year.

The 4-year Commercial Carpentry class is approved as a Registered Apprenticeship program, and the trainee will receive full NCCER completion credentials for NCCER Carpentry upon completion of the course. The 2-year Industrial Carpentry course will gain an NCCER Form Carpentry certification, with the opportunity to take the NCCER Journeyman Industrial Carpentry Assessment.
