WHERE

For your small- and medium-sized business clients, every penny counts. Join us, and learn about all the different costs associated with a company fleet, so you can advise your clients on whether or not a professional fleet management solution is right for them.

After completing this course participants will:

1. Be able to identify various components required to calculate the Total Cost of Ownership (TCO) of operating a fleet of vehicles.
2. Be able to evaluate the advantages and appropriate situations for self-managed fleet solutions versus outsourced fleet management.
3. Be able to identify and evaluate the short term and long term impact of strategic fleet planning (planned timing of acquiring and selling fleet vehicles).

To register for this session, please call Whitney Braun at 314-512-3426 or visit <http://go.efleets.com/lunchandlearn> to register.

In order to be awarded the full credit hours, you must be present, registering your attendance and departure on the attendance sheets at the registration desk.

Participants will earn 1.0 CPE credit
